

1 FEB 1965

MEMORANDUM FOR: C/
C/DOD
AD/O
D/LOG

SUBJECT: Suggestions for State Legislation

1. This is to request your consideration of any state legislation which you feel would be helpful to the conduct of Agency activities.

2. Each year the Committee on Suggested State Legislation of the Council of State Governments formulates legislative proposals relating to a wide variety of matters which are of interest to states. In conjunction with this effort, the Bureau of the Budget gets together various proposals which the federal agencies wish to call to the attention of the states.

3. The attached letter to Mr. McCone from the Executive Assistant Director, Bureau of the Budget, is soliciting such proposals from the Agency; and your suggestions or comments in this respect will be appreciated by 12 February.

4. The suggested state legislation which has been developed by the Council of State Governments for 1965 is set forth in a 212-page booklet. Only one copy of the booklet was received and has been retained by Legislative Counsel. It will be furnished on request.
